Distributing your promise since 1855

Robert Lee Distribution is blue

With so many bathroom and plumbing brochures and catalogues available, to both showrooms and merchants, it is rare to find one that cross's the divide with such ease, combining a wealth of information with practical images set out in a format that is easy to use and understand.

For 5 years now Robert Lee Distribution has been producing the now infamous "Big Blue Plumbing Book", packed with over 300 pages from 80 of the industries most well known names.

To make sure the book is kept up to date with all the current prices, and includes all the latest products, it is printed 3 times a year, January, April and July. Distributed to over 4,500 retailers and merchants, it has proved to be an invaluable tool to many.

With a stock list of over 27,000 products it would be impossible to squeeze them all into one publication, so more recently Robert Lee introduced the Grey ARLEY Professional Book, aimed more towards the merchants and packed with plumbing consumables, safety equipment, electrical goods and tools.

Its an industry Bible not to be mislaid.

THE HEATED TOWEL RAIL COMPANY

Jennie Mayou, Marketing Executive at Vogue (UK) comments "Robert Lee is an institution within our industry and a byword for service and reliability. In many ways Vogue (UK) has achieved the same within the heated towel rail industry. The only independent manufacturer of any size left in the UK, Vogue (UK) Ltd - The Heated Towel Rail Company says it all.

Vogue (UK) provides a myriad of products from the contract-priced utility towel rail to the eye-catching lifestyle design. Fashioned from brass, stainless steel, mild steel and with seemingly endless bespoke options available, Vogue is a service that can only enhance the radiator offering of any outlet".
