

*Lets Get Wet*

Flair International, Ireland's leading producer of quality glass shower enclosures and screens, and Robert Lee Distribution are pleased to introduce this new stylish range of Wetroom Shower Screens for creating stunning contemporary shower spaces in every home. Simple design combined with minimal use of quality materials creates a feeling of freedom and space ideal for people who love contemporary interiors and who love their shower.

This range is characterised with a square signature design large panels of frameless glass that show off your bathrooms tiles and features beautifully. Each screen comes with Clearshield easy to clean glass as standard. A quick rinse is all that is required to keep the glass sparkling and good as new.

1000mm single panel shower screen

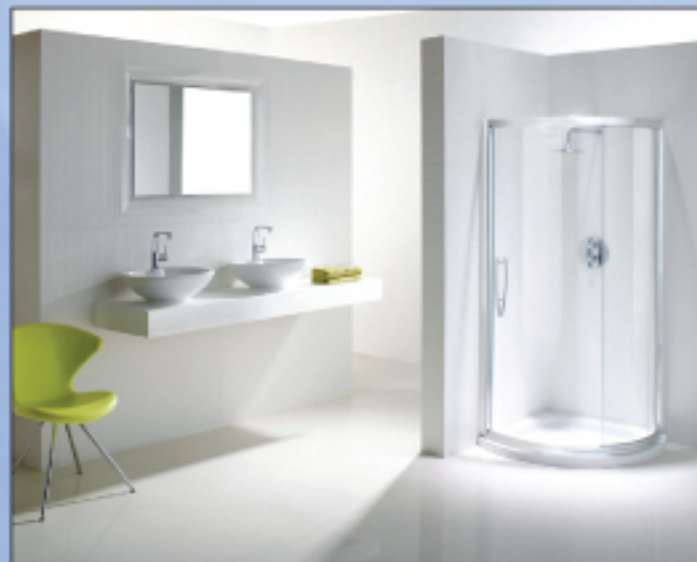

Double entry 1200mm shower screen

Namara is a modern collection of semi frameless shower doors with clearshield glass as standard. This patented easy clean surface coating repels everyday dirt and lime scale to keep shower doors sparkling clean with a simple rinse, saving valuable time and effort. In tune with today's busy lifestyles and demands for high performance and design, the NaMara range recognises low maintenance as being equally important as style and quality. For more information on these great ranges and more from Flair please visit their website on [www.flairinternation.com](http://www.flairinternation.com)

**Flying Bogs**

Since the introduction of the ARLEY "Bog In A Box" over a year ago, Robert Lee Distribution has constantly reviewed and improved the "In A Box" range. Known simply as the "The Premium Value Collection" now, it includes pans, frames, basins, furniture, brasswear, towel warmers and Doc M packs. With today's economic climate the Premium Value Collection is proving a great success. The accompanying retail leaflet, packed with useful information and fantastic prices, makes the selection process very easy, especially where it counts.....the wallet.

  - Horizontal Outlet

- BTW Pan in a box**
- Seat Included
  - Horizontal Outlet
  - Side Fixing

**Unfold 'N' Fit Bath Panels**

“ This range of bath panels is a unique new concept and a real revolution in the realms of quick-fit products ”

These practical bath panels come folded in two, linked by a clever hidden hinge system, making them easy to transport and easy to assemble.

And if that wasn't enough, they also have sliding panels to enable you to make the most of that unused space under the bath.

Each sliding panel is fully lockable, meaning that you can safely store your spare toilet rolls and cleaning products out of sight and out of harms way.
